

Aviation

PDL Toll combines expertise in aviation charter management with direct access to specialist aircraft to meet any need.

Whether you need a firefighting helicopter, an air freighter big enough to move one, or anything in between - PDL Toll can provide the aircraft and expertise on the ground to ensure the success of your operation.

With our own fleet of helicopters and direct access to all aircraft operated by the Toll Group, we have aviation capability built into our organisation.

Our current charter operations include:

- Rotation of Australian Defence Force personnel in and out of Timor Leste
- Rotation of Australian Federal Police personnel in and out of the Solomon Islands
- Provision of "Elvis" fire-fighting helicopters to the Australian State Government fire-fighting authorities
- Charter operations as the Australian partner of Polet Antonov
- Aviation and cargo movement consultancy services all over the world to meet the changing needs of the United Nations

Our aviation solutions are delivered by experienced people - both on the ground and in the air. We can provide you with on-site coordination supported by detailed planning, the highest quality systems, and state of the art equipment.

PDL Toll aviation services include:

- Ground handling for fixed and rotary wing aviation
- Charter services of fixed and rotary wing aircraft for passengers, cargo and specialised heavy lift
- Passenger services including baggage handling, ticketing and reception
- Specialist advice on planning for air charters and air cargo movement
- Airfield services
